Roadshows have been arranged in various locations around the Northern Rail Franchise. These are for you to attend in your own time, to provide you with the opportunity to put questions directly to Serco-NedRailways' senior management team. The roadshows will consist of a presentation and will give you the chance to ask any questions you may have and also see the new uniforms. The locations and dates of the roadshows are listed above. Please note, there will be a buffet and refreshments available on arrival.

# WHAT TO EXPECT FROM A ROADSHOW

Some of you may have experienced roadshow style presentations before, however, we thought it would be helpful to explain how we propose to deliver our roadshow to you over the next few weeks.

There will be two presentations per roadshow, please see the timetable (overleaf) for the start times of the presentations being held at the roadshows in your area. We recommend an arrival time of approximately 30 minutes before the start, as we will provide refreshments and a buffet. Members of our team will be available to answer any questions prior to the presentation and we will also have examples of uniforms and literature on Serco-NedRailways.

Presentations will last for about 40 minutes, followed by a question and answer session. We anticipate the overall time for each session to be no more than 90 minutes. After the presentations there will be further opportunity for discussion with any of our team.

The purpose of the roadshows are to meet as many people as possible, to give you the opportunity to understand more about our proposals and how we will continue to communicate with you in the future.

## Additional Venues

We have structured the roadshows in an attempt to reach as many of you as possible and hope you take the opportunity to visit one of the venues. I am sure you appreciate that the new Northern Franchise is a large and geographically diverse contract. As a result it is almost impossible to visit every location and meet every employee prior to the 12th December 2004.

Having said that, if there is a smaller group of staff, for example between 20-50, in one location that cannot attend one of the published roadshow dates, we would be interested in arranging a visit where we will come and give the presentation in full and have a small team available to answer questions. We would need to co-ordinate all requests for these visits via the following:

ATN	Dave Welham HR Director	01904 523871
FNW	Peter Longbottom HR Manager	0161 2616024
